

CS 007: SESSION 1

# PERSONAL FINANCE FOR ENGINEERS

# DISCLOSURES

STANFORD UNIVERSITY • COURSE MATERIAL • CS 007 • FALL 2022-23

- These slides are provided as-is and do not necessarily match the exact version of the content provided in classroom for students formally enrolled in the class at Stanford University.
- This presentation is intended to provide information and frameworks to assist the additional research and education of individuals. This presentation is not financial advice, nor is it intended to provide advice for specific financial decisions.
- These slides are provided publicly to be used for non-commercial purposes only. All material derived from this content must include appropriate citations to Adam Nash & Stanford University.

# WHY PERSONAL FINANCE?

- Poorly covered in secondary school & university curricula, even at top schools.
- Not technically difficult, but the signal-to-noise ratio is terrible.
- Massive impact on your life.
- Affects everyone.

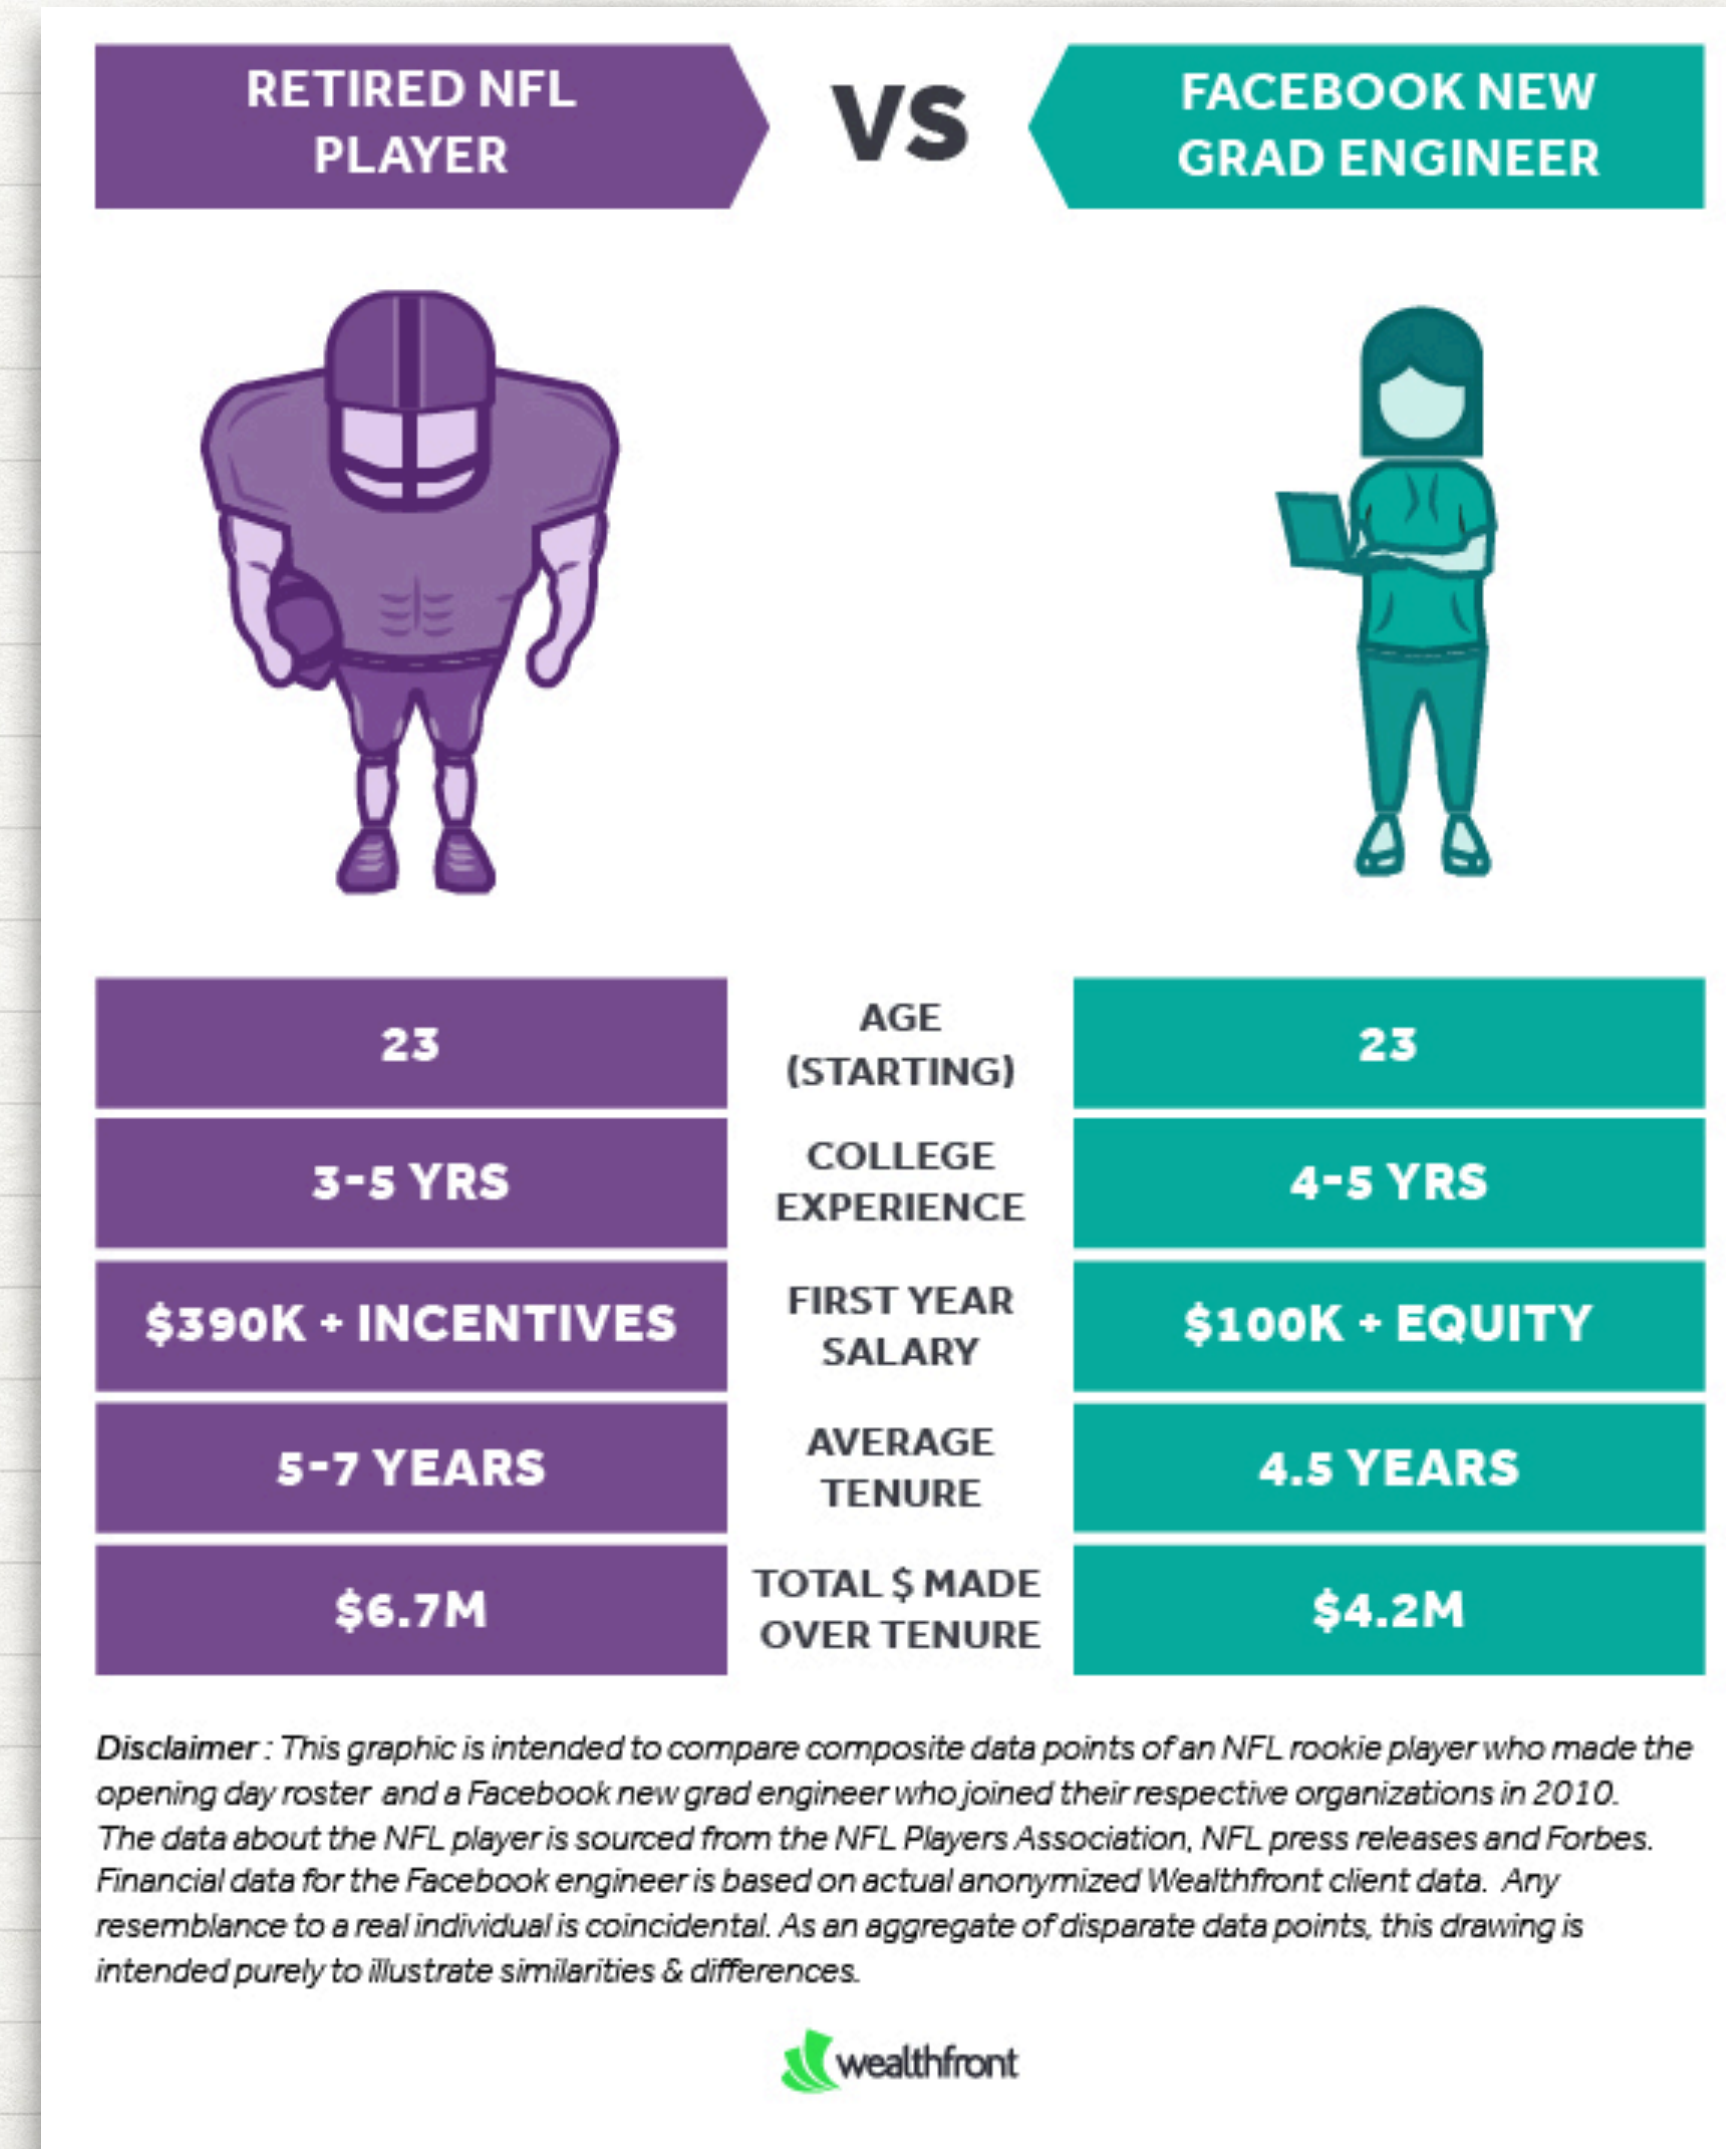

BEHAVIORGAP.COM

# WHY FOR ENGINEERS?

- Engineers are typically well educated in math, and enjoy it.
- Engineers face significant financial decisions early in life.
- Engineers tend to believe that they are rational decision makers.
- Engineers create products that can affect the finances of billions.

# REAL QUESTIONS, REAL DATA

- Most adults do not feel comfortable talking about money & financial decisions with friends & colleagues.
- Bad data can lead to bad decisions
- This class will be based, whenever possible, on real data
- Please push yourself to share openly, and ask the questions you really want answers to.

# SOCIAL CONTRACT: BUILD TRUST

- Students in this class come from a wide variety of financial situations
- We are lucky, because this diversity can help educate us on a broader set of potential financial decisions
- Assume your classmates deserve privacy about the financial information they choose to share
- Do everything you can to earn & deserve their trust

CS 007

# CLASS SURVEY

# 1: WHAT YEAR ARE YOU?

- This class is optimized for students who will be graduating soon.
- It is never too early to start learning about personal finance.
- My personal journey really started after my sophomore year, when I interned with Hewlett-Packard...

## What year are you in school?

168 out of 168 people answered this question

## 2: HOW DO YOU DEFINE WEALTH / SUCCESS?

- Is there a “magic number?”
- Expectations vary widely.
- Some people find success focusing on goals, others on running up a score.
- Your peers do not adequately describe the range of successful financial outcomes possible, nor the range of lifestyles that could make you happy.

**Low: \$100,000**

**High: \$1B+**

### 3: HOW MUCH DO YOU KNOW ABOUT YOUR PARENTS 💰

- Many parents are conflicted about how to talk about money.
- This is not surprising, because money can be an uncomfortable reflection of values & behavior.
- Many parents are better prepared to discuss sex & drugs with their children than money.
- This class could be an opportunity for you to learn with your family.

3

How much do you know about your parents / guardians financial lives?

168 out of 168 people answered this question

Some. They share limits around large expenses (like college education)

82 resp. 48.8%

Quite a bit. I feel like I understand the family budget, income & spending.

55 resp. 32.7%

Not much. This information wasn't shared with me.

16 resp. 9.5%

Everything. I've been involved personally in our large financial decisions.

15 resp. 8.9%

## 4: PURCHASED STOCK, ETF OR MUTUAL FUND?

- 64% of American households have Amazon Prime, but only 52% own stocks. (Source: Gallup)
- The top 1% of households by wealth own 56% of all company shares. (Source: Goldman Sachs, FT)
- Owning stock can be a path to learning about companies & investing.
- Investing in equities, ideally through an index fund, can be one of the best ways to build long term wealth.

✓ 4

Have you ever purchased a stock, a mutual fund or an exchange traded fund (ETF) in a brokerage account?

168 out of 168 people answered this question

No, I've never had a brokerage account.

82 resp. 48.8%

Yes, I have my own brokerage account & I have placed trades myself.

63 resp. 37.5%

Yes, my parents / guardians purchased securities in my name.

23 resp. 13.7%

## 5: FILED YOUR OWN TAXES?

- If you earn money from a job, you should be filing taxes.
- Many financial decisions are seriously impacted by taxes.
- Ignoring the after-tax value of a financial decision can lead to serious financial mistakes.
- An irrational fear of taxes can also lead to poor financial decision making.

Have you ever filed your own taxes?

168 out of 168 people answered this question

Yes

67 resp. 39.9%

No

101 resp. 60.1%

# 6: STUDENT LOANS THAT YOU ARE RESPONSIBLE FOR?

- National student loan debt at \$1.75T
- 45 million student loan borrowers.
- Average debt for per borrower in 2021 was \$39,351.
- 25% of borrowers default in 1st five years of repayment.

About **13%** of federal student debt is held in loans with \$20K or less still owed...

...but **53%** of borrowers owe less than \$20K

\* <https://fred.stlouisfed.org/series/SLOAS>

\* <https://www.nerdwallet.com/article/loans/student-loans/student-loan-debt>

\* <https://www.washingtonpost.com/education/2022/05/22/student-loan-borrowers/>

✓ 6

Do you have student loans that you will be responsible for after college?

168 out of 168 people answered this question

Nope 136 resp. 81%

Less than \$20K 14 resp. 8.3%

Between \$50K - \$100K 8 resp. 4.8%

Between \$20K - \$50K 7 resp. 4.2%

Over \$100K 3 resp. 1.8%

# 7: WHAT % OF YOUR SALARY SHOULD YOU SAVE?

- Spend less than you make.
- 10% is not the right answer.
- There is no magic rate of savings, but when you save you win two ways.
  - Saving means learning to live on less, which lowers your goal.
  - Saving means more capital to invest to reach your goals.

7

When you graduate, what percentage of your salary do you believe you should save every month?

168 out of 168 people answered this question

20%+

108 resp. 64.3%

15%

35 resp. 20.8%

10%

24 resp. 14.3%

0%

1 resp. 0.6%

6%

0 resp. 0%

## 8: WHAT % OF AMERICANS HAVE \$400 FOR EMERGENCIES?

- Commonly misquoted statistic.
- US Federal Reserve reported in 2022 that 32% of Americans do not have sufficient cash savings to cover a \$400 emergency expense.
- Actual survey question reveals the number is 11% that self-reported that they couldn't cover the emergency through other means.
- Liquidity means having access to money when you need it.
- Don't underestimate the value of liquidity. Liquidity matters.

8

What percentage of American households would not be able to cover a \$400 unexpected expense in cash? (answer to the best of your knowledge)

168 out of 168 people answered this question

32%

63 resp. 37.5%

43%

57 resp. 33.9%

23%

35 resp. 20.8%

11%

13 resp. 7.7%

# 9: WHAT DO YOU BELIEVE IS MEDIAN INCOME IN US?

- Financial statistics can be confusing, because the time period, data set and questions vary dramatically.
- US Census reported median household income at \$70,784 for 2020. It was \$71,186 in 2020.
- US Census reported median household income in California at \$78,672 in 2021.
- In 2020, median household income in Palo Alto, CA was \$174,003.
